ACADEMIC DISHONESTY / CHEATING / PLAGIARISM

Cheating is defined as obtaining or attempting to obtain, or aiding another to obtain, credit for work or improved evaluation by any dishonest or deceptive means. Cheating includes but is not limited to: lying; copying from someone else's work unless specifically authorized by the instructor; taking or receiving copies of student work or an exam without instructor permission; collaborating on an assignment that is intended to be individual effort; using unauthorized sources; and using or displaying notes, "cheat sheets," or other information inappropriate to the learning task. In addition, assignments in world language classes are designed to develop and assess student skills in the target language; therefore, use of online translators, websites or mobile applications that translate blocks of text from English to the target language is cheating.

Plagiarism is cheating by using another person's ideas, information or expressions as if they are your own or without properly documenting them. This includes paraphrasing an author's idea or quoting a passage without documenting the source; using "phony" information in parenthetical references or citations; failing to identify and cite material from other sources; cutting and pasting from a source directly into your paper; and/or turning in someone else's work as your own.

Incidents of cheating will be recorded in the student's permanent discipline record. Additional consequences may include:

- 1) Receiving no credit for the assignment.
- 2) Referral to the administration, and if applicable, to the National Honor Society Advisor, coaches and other advisors.
- 3) Notification of parents.
- 4) Loss of membership in academic or other clubs.

ACADEMIC EXPECTATIONS

We believe that learning is the primary responsibility of students at West Valley High School. Students will learn the skills, attitudes, values and self-discipline needed to become contributing and positive members of society. For students to reach these learning expectations, they need to:

- 1) Have prompt and regular attendance, be in class from bell to bell.
- 2) Bring materials and assignments to class daily.
- 3) Work independently and in groups in a responsible manner.
- 4) Complete daily work and homework.
- 5) Develop and express original thinking and wording in assignments.
- 6) Respect fellow students and their property.
- 7) Respect school property.
- 8) Contribute to the learning environment.

ATTENDANCE

CONTACT THE ATTENDANCE SECRETARY AT (509) 972-5912 OR HS-ATTENDANCE@WVSD208.ORG

“Students are expected to attend all assigned classes each day.” (WVSD Board Policy 3122) For the complete attendance policy, please go to the “Inside WVSD – School Board Policies and Procedures” link on the West Valley School District website, www.wvsd208.org.

Parents and students should be aware that when a student misses several days in a course, excused or not, the student’s grade is likely to suffer. Information and activities in the classroom are critical to learning and showing mastery of the material. Homework assignments do not make up for class time. **In-class participation will be part of each teacher’s grading policy;** students may not be able to make up in-class participation points. We encourage parents to monitor their student’s attendance via Family Access.

ABSENCE PROCEDURES

WVHS may not excuse every absence, even if there is a note or a phone call from a parent. The school will take into account the requesting student’s rate of attendance, current and past achievement in classes, and the nature of the classes missed (RCW 28A.225.010). **If a student has accumulated 15 or more absences in any one class, the absence will not be excused without a doctor’s note or principal clearance.**

The following are valid excuses for absences, as specified in WVSD Board Policy 3122:

- 1) Illness, health condition or medical appointment (including, but not limited to, medical, counseling, dental, optometry, pregnancy, and in-patient or out-patient treatment for chemical dependency or mental health) for the student or person for whom the student is legally responsible;
- 2) Family emergency including, but not limited to, a death or illness in the family;
- 3) Religious or cultural purpose including observance of a religious or cultural holiday or participation in religious or cultural instruction;
- 4) Court, judicial proceeding, court-ordered activity, or jury service;

- 5) Post-secondary, technical school or apprenticeship program visitation, or scholarship interview;
- 6) State-recognized search and rescue activities consistent with RCW28A.225.055;
- 7) Absence directly related to the student's homeless or foster care/dependency status;
- 8) Absences related to deployment activities of a parent or legal guardian who is an active duty member consistent with RCW 28A.705.010;
- 9) Absences due to suspensions, expulsions or emergency expulsions imposed pursuant to chapter 392-400 WAC if the student is not receiving educational services and is not enrolled in qualifying "course of study" activities as defined in WAC 392-121-107;
- 10) Absences due to student safety concerns, including absences related to threats, assaults, or bullying;
- 11) Absences due to a student's migrant status; and
- 12) An approved activity that is consistent with district policy and is mutually agreed upon by the principal or designee and a parent, guardian, or emancipated youth.
- 13) Absences related to the student's illness, health condition, or medical appointments due to COVID-19;
- 14) Absences due to the student's parent's work schedule or other obligations during regularly scheduled school hours, until other arrangements can be made;
- 16) Absences due to the student's lack of necessary instructional tools, including internet broadband access or connectivity; and
- 17) Other COVID-19 related circumstances as determined between school and parent or emancipated youth.

The school principal (or designee) has the authority to determine if an absence meets the above criteria for an excused absence.

When a student is absent, within 48 hours a parent or guardian must **send a note to or call the attendance office at 972-5912** stating the REASON and DATE for the absence. Without the note or phone call, the absence is unexcused. When first arriving to school, students must get an "Admit to Class" slip before they go to any class if they are late.

West Valley High School requires students who are absent due to doctor's appointments to bring an appointment card or other verification from the doctor's office stating the date and time of the appointment.

Students with excused absences will be allowed the same number of days to make up missing work as the number of days they were absent, i.e. if a student is absent 3 days they have 3 school days to make up the work they missed.

Students may not make up missing work or assignments for unexcused absences.

Enrolled students found to be absent from school or class for reasons other than those permitted by WVSD Board Policy 3122 shall be considered unexcused. Specifically, students shall be considered unexcused if they:

- 1) Are absent from school without parent or guardian permission.
- 2) Are absent from class without permission although they are on the school grounds.
- 3) Do not check out of school when leaving campus.
- 4) Obtain permission to leave school for a specified reason and do not comply with the specified reason.

- 5) Leave school or class due to illness without reporting to the attendance office.
- 6) Are on a so-called "SKIP DAY".
- 7) If a student is tardy more than 10 minutes to class, the student shall be considered absent from class.
- 8) Students who have chronic tardiness and/or absences, even if excused, may be subject to corrective action (WVSD Board Policy 3122).

PRE-ARRANGED ABSENCE PROCEDURE

The pre-arrangement procedure for West Valley High School must be used for all family vacations. Even with the pre-arrangement procedure, however, **students may not be excused for all family vacation requests**. The school will take into account the requesting student's rate of attendance, current and past achievement in classes, and the nature of the classes missed during vacation (RCW 28A.225.010).

- 1) At least three (3) school days prior to the prearranged absence, the student is to bring a note from a parent or guardian requesting the absence, the reason, and the specific date(s) the student will be absent.
- 2) Teachers will sign the Pre-arranged Absence Form and check all applicable categories and make comments as necessary.
- 3) The student will take the form home for the parent signature.
- 4) The student must return the signed form to the attendance office before departure, or the absence is unexcused.
- 5) Assignments given in advance are DUE upon return.

SCHOOL INITIATED ABSENCE (SIA)

Students who will miss class due to a School Initiated Absence (SIA) are expected, BEFORE leaving for the absence, to turn in assignments and make sure they know what's due the day following the SIA. Tests and presentations should be made up the day following the SIA. SIAs are reserved for activities that are mandatory for the program/class (competitions, performances, etc.). If students will remain on campus and the activity is not mandatory, the organizer should contact staff through email and ASK that they be released after check-in with teachers. Teachers should feel free to keep students if the content cannot be made up, or if it's considered critical to the class.

For each School Initiated Absence (SIA) for a school activity other than athletics, choir or band:

- 1) All SIAs organizers should have pertinent information delivered to the attendance secretary by the **Friday BEFORE the event**.
- 2) Please include the following information when you submit your SIA: **Organizer, date, release time, event description, and student list**.
- 3) Communicate changes in your SIA lists to the attendance secretary as soon as possible for accurate attendance.

Teachers will receive an email Monday morning with the SIAs for the week (date, time, event), and a link to a google sheet with student listings. Teachers should look over these lists to identify students who might be a concern for attending and communicate with the organizer of the event. Disagreements should be directed to administration.

Pre-arranged forms will be used for personal absences only. Students with failing grades may not attend activities during the school day.

If a student participates in a school initiated absence (SIA) and the student complies with the above procedures, the SIA (including athletics) will have no negative impact in the grading area of participation (WVSD Board Policy 3122).

SCHOOL ATTENDANCE REGULATIONS FOR ATHLETES

All day school attendance for practice and contest days is mandatory. Full day school attendance is required the day following a contest (see West Valley Athletic / Activity Handbook). Participants must obtain special administrative approval for special needs/circumstances to waive this requirement by phoning the school and discussing the problem with the athletic director or principal IN ADVANCE. If approval has not been given in advance, the student must present a doctor's or dentist's note to the principal, AD, or designee immediately upon returning to school in order to be eligible to participate in that day's school activities. Irregular school and/or practice attendance is cause for suspension from the team.

Other Specific Guidelines for Athletes:

- 1) To compete, an athlete must attend a **full day** of school on the day of the activity (practice or game). Approved shortened schedules for seniors, doctor or dentist appointments or funerals shall serve as exceptions, when pre- approved.
- 2) Athletes who report to school late the day of or following an athletic contest (see exception on page 4) will not practice or play on that day unless cleared by the principal, AD, or designee.
- 3) In the event a student-athlete is inadvertently allowed to participate after an attendance violation, the student will forfeit participation on the next appropriate occasion.
- 4) An athlete who is suspended from school may not participate in practice or play during the period of suspension. This period is defined as from the close of school on the day of suspension to the end of the school day upon completion of the suspension.

BEHAVIOR / PROGRESSIVE DISCIPLINE POLICY

The West Valley High School disciplinary program allows students the opportunity to learn new behavior. The program involves students, parents, and the school community working cooperatively to solve discipline problems before they seriously impact the school, family, or student environment. A school employee will be in contact with parents to try to eliminate problems.

If a student is disruptive to the educational process, with the exception of exceptional misconduct, the following steps will be applied:

- 1) The teacher or staff member will confer with the student to try to get a behavioral change.

DANGEROUS WEAPONS ON SCHOOL PREMISES

“...it is a violation of district policy for any person to carry a firearm or dangerous weapon on district property or school-provided transportation. This prohibition applies to any facility owned, rented, or leased by the District. If the District leases or rents part of a property for District use, firearms and dangerous weapons are prohibited on any portion of the premises where the district has the right of exclusive use.” (WVSD Board Policy 4210)

The superintendent is directed to see that all school facilities post “Gun Free Zone” signs, and that all violations of this policy and RCW 9.41.280 are reported annually to the superintendent of Public Instruction.

The following persons may carry firearms into school buildings, as necessary, although students engaged in these activities are restricted to the possession of rifles on school premises: persons engaged in military, law enforcement, or school district security activities; persons involved in a school authorized convention, showing, demonstration, lecture or firearm safety course; persons competing in school authorized firearm or air gun competitions; and any federal state or local law enforcement officer.

The following persons over eighteen years of age and not enrolled as students may have firearms in their possession on school property outside of school buildings: persons with concealed weapons permits issued pursuant to RCW 9.41.070 who are picking up or dropping off students; and persons conducting legitimate business at the school and in lawful possession of a firearm or dangerous weapon if the weapon is secured within an attended vehicle, is unloaded and secured in a vehicle, or is concealed from view in a locked, unattended vehicle.

Persons may bring dangerous weapons, other than firearms, onto school premises if the weapons are lawfully within the person's possession and are to be used in a school-authorized martial arts class.

Persons over eighteen years of age and persons between fourteen and eighteen years of age with written parental or guardian permission may possess personal protection spray devices on school property. No one under eighteen years of age may deliver such devices, nor may anyone eighteen years or older deliver a spray device to anyone under fourteen or to anyone between fourteen and eighteen who does not have parental permission. The district shall also comply with federal protections for disabled students in the application of this policy.

School officials shall notify the appropriate law enforcement agency of known or suspected violations of this policy. Students who violate this policy shall be subject to discipline, including a one year expulsion for a violation involving a firearm.

DISTRICT TECHNOLOGY AND ELECTRONIC RESOURCES

These procedures are written to support the Electronic Resources Policy of the board of directors and to promote positive and effective digital citizenship among students and staff. Digital citizenship represents more than technology literacy. Successful, technologically fluent digital citizens live safely and civilly in an increasingly digital world. They recognize that information posted on the Internet is public and permanent and can have a long-term impact on an individual's life and career. Expectations for student and staff behavior online are no different than face-to-face interactions.

INFORMED CONSENT

Students will be informed of expectations for online behavior and use of district technology prior to logging on to the district's network. Expectations for responsible computing will be reinforced by classroom teachers, teacher-librarians, and other school district staff.

COMPUTER NETWORK AND INTERNET

The district network includes wired and wireless computers, laptops/tablets and peripheral equipment, files and storage, e-mail and internet content (blogs, web sites, web mail, groups, wikis, etc.). All use of the network must support education and research and be consistent with the mission of the district. The district reserves the right to prioritize the use of, and access to, the network. Access is a privilege, not a right.

Students are responsible for good behavior on computers used anywhere on campus. All school rules and policies apply, and there may be specific guidelines in some computer areas. District Policies for acceptable use (WVSD Board Policy 2022) are available on the District website. Network and internet activity and content may be monitored by network administrators. Misuse will be cause for restricted access and disciplinary action.

EXAMPLES OF BEHAVIOR NOT PERMITTED INCLUDE:

- 1) Playing online games

Updated August 2023

- 2) Bypassing or attempting to bypass the network filter
- 3) Sending, deliberately accessing or displaying offensive messages or pictures
- 4) Using obscene language
- 5) Harassing, insulting or attacking others
- 6) Damaging or interfering with use of computers, computer systems or computer networks
- 7) Violating copyright laws
- 8) Using another's password or sharing your password with others
- 9) Trespassing in other peoples' documents, folders or files
- 10) Downloading large files
- 11) Using the network for personal profit or gain
- 12) Subscribing to or accessing bulletin boards, chat groups, email or commercial online services not provided as part of an instructional lesson. As a guideline, if you are not directed to the site by a teacher and it requires a personal log on, it should not be accessed from school.

**For additional rules, regulations and information regarding Electronic Resources and Use of District Technology, please refer to WVSD Board Policy 2022P under Instruction on the West Valley School District #208 website.

PERSONAL ELECTRONIC DEVICES AT SCHOOL

West Valley High School's ultimate goal with our electronic device policy is to increase student engagement in the classroom and create a culture of respect for learning. We also want to help teach and promote appropriate digital citizenship. We know that there is a time and place for students to use their electronic devices throughout the school day. Our intent is to support them in their academic success and to promote face to face social interaction and connection.

Students may use cell phones/earbuds during passing times and at lunch. Students will not be permitted to use cell phones/earbuds during instructional time as determined by their teacher. Students who use electronic devices outside the defined times should expect:

1. Staff to give an opportunity for the student to change their behavior.
2. Parent/Guardian to be given an opportunity to change their student's behavior. (Documented in Skyward)
3. Staff to refer the behavior of the student to the office. (Students check their cell phone in and out of the office for at least one school day.)

*Students in the possession of telecommunication or other electronic devices will observe the following conditions:

- 1) Use of listening devices shall not be used in classrooms unless specifically allowed by the classroom syllabus.
- 2) Students shall not send, share, view or possess pictures, text messages, emails or other material deemed inappropriate or substantially affecting the educational process, in accordance with WVSD Board Policy 3240.
- 3) A school administrator or designee with reasonable suspicion has the authority to search a device. School staff who discover content which may be illegal are required to notify law enforcement.

- 4) Students are responsible for telecommunication/electronic devices they bring to school or onto District-owned transportation. **The District shall not be responsible for loss, theft or destruction of such devices brought onto school property.** Nor will the school investigate the loss or damage of such an item.
- 5) Misuse of personal electronic devices will be addressed with progressive discipline.
- 6) If a student refuses to surrender their personal electronic device to school staff, this will be considered **insubordination**, and will result in progressive discipline action in addition to discipline related to the use of the device.
- 7) Parents/Guardians may contact their student in an emergency or leave a message for their student by calling the high school office. Students will be allowed to make emergency calls from the office or classroom.
- 8) Using a personal electronic device to record another student or staff member at school without their consent or with the potential to harass (fights) is not allowed and may result in a **suspension**. ([RCW 9.73.030](#))

DRUG, ALCOHOL AND TOBACCO EDUCATION

The board recognizes that a significant number of parents, students and others are seriously concerned about the adverse effects of drugs, alcohol, and tobacco, and that the schools share the responsibility for providing appropriate information to young people. The district shall cooperate with parents, professional authorities, community agencies and others in developing an effective educational program dealing with this important area. ([RCW 46.61.5056](#))

Drug Impairment Training for Educational Professionals (DITEP) Procedures will be adhered to.

Students who re-enroll from one semester to the next who were suspended for drug or alcohol related behavior need to have a sit-down meeting with an administrator outlining what contract restrictions they will be under when they re-enroll.

SUBSTANCE ABUSE PROGRAM

Actions taken by staff in dealing with student use of alcohol and the use and abuse of controlled illegal, addictive or harmful substances including anabolic steroids will have as their first concern the welfare of the student involved and the other students in the school. Although a helping relationship rather than an investigative and punitive approach will be emphasized, necessary and appropriate disciplinary action will be taken when laws or school regulations are violated. Law enforcement agencies will be called upon for investigative and consultative assistance where illegal drug or alcohol activity has occurred. (WVSD Board Policy 2121)

Investigative Procedures and Corrective Action Procedures will be followed by the administrator/designee. This may include, as needed, a student search and/or administration of a drug/alcohol screening test. Corrective action includes: parent/guardian contact; referral to drug/alcohol treatment center for an assessment; student subjected to suspension/expulsion; reentry to school may be contingent on following all recommendations included in the treatment center's drug/alcohol assessment for the student.

PREVENTION

The prevention program shall focus on classroom instruction, guidance services and the school climate.

- 1) **Instruction:** The instruction dimension of the prevention program shall focus on:
 - a. The effects of addictive substances such as alcohol, drugs and nicotine upon the body.
 - b. Skill development related to self-esteem, goal-setting, decision-making, conflict management, problem-solving, refusal and communication.

- 2) **Guidance Services:** Staff shall meet with students, individually and in small groups to supplement addictive substance prevention, instruction and skill development. Staff will also assist parents to maximize the prevention efforts of the school.
- 3) **School Climate:** A facilitative school environment can help students to achieve in a productive manner (academically, socially and emotionally). The school shall strive to be a place where:
- a. Students, staff and parents respect themselves and others.
 - b. Individuals can be trusted to do what they say they will do.
 - c. High morale is evident.
 - d. Each person feels that he/she has a voice in the decisions that affect him/her.
 - e. All feel that they are continuing to learn and grow.
 - f. All value diversity and accept it as an opportunity for growth and development.
 - g. All possess a “sense of belonging.”
- 4) All feel that they can make a difference to someone else.

INTERVENTION

The West Valley School District’s intervention strategy is aimed at eliminating student use of tobacco, alcohol and other drugs.

All schools will establish and maintain an assistance program which utilizes a team approach. The team will assess the student’s level of use/abuse, develop goals, and make recommendations for needed services for the student. Team members will receive training in confidentiality procedures, alcohol and drug abuse, and intervention strategies.

Vape pens or e-cigarettes found are reasonable suspicion to have students do a UA (urine analysis).

DUE PROCESS

No pupil shall be deprived of educational opportunity by the school district without due process of law. These include rights of appeal.

It is the goal of the West Valley School District to effectively handle complaints and concerns from the students, staff, parents and patrons. To that end, we believe that these issues are best resolved at the classroom, building, or departmental level. If the problem is not resolved at this level, then a written statement that describes the complaint or concern and a possible solution may be filed with the District Office. If still unresolved after meeting with the Superintendent or his/her designee, the matter may be brought before the Board of Directors.

No class required for graduation may be taken as a non-graded option. Students may not be enrolled in more than one (1) non-graded class in any single semester. The decision to take a course with one of these options is undertaken **within the first two (2) weeks of the semester** and is an agreement between the teacher, student, and parent. TA, Peer Coaching, and Independent Study are all non-graded courses. Students receive credit for Pass or Satisfactory grades, but the grade point average is not impacted. Serious college-bound students are cautioned to restrict the number of non- graded courses applied to the transcript.

HARASSMENT / INTIMIDATION / BULLYING

WVSD Board Policy 3207: Our school is committed to a safe and civil educational environment for all students, employees, volunteers and patrons, free from harassment, intimidation, or bullying.

It is a violation of district policy for a student to be harassed, intimidated, or bullied by others in the school community, at school sponsored events, or when such actions create a substantial disruption to the educational process. The school community includes all students, school employees, school board members, contractors, unpaid volunteers, families, patrons, and other visitors. Student(s) will not be harassed because of their race, color, religion, ancestry, national origin, gender, sexual orientation, including gender expression or identity, mental or physical disability, or other distinguishing characteristics.

Harassment, intimidation or bullying is an intentional electronic, written, verbal, or physical act that:

- Physically harms a student or damages the student's property.
- Has the effect of substantially interfering with a student's education.
- Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment.
- Has the effect of substantially disrupting the orderly operation of the school.

Conduct that may rise to the level of harassment, intimidation and bullying may take many forms, including, but not limited to: slurs, rumors, jokes, innuendoes, demeaning comments, drawings, cartoons, pranks, ostracism, physical attacks or threats, gestures, or acts relating to an individual or group whether electronic, written, oral, or physically transmitted messages or images.

Any student who believes he or she has been the target of unresolved, severe, or persistent harassment, intimidation or bullying, or any other person in the school community who observes or receives notice that a student has or may have been the target of unresolved, severe, or persistent harassment, intimidation or bullying may report incidents verbally or in writing to any staff member.

HEALTH ROOM

The Health Room in the main office is for students who are ill and/or need first aid treatment. A student must first report to the Attendance Office before going to the Health Room. Once a student reports to the Health Room, the parent or emergency person will be contacted for transportation home. Students should not expect to spend long periods of time in the health room. If a student doesn't feel well, he/she will need to go home.

SICKNESS

A student who becomes ill in the classroom must have teacher permission to report to the Attendance Office before going to the Health Room.

ACCIDENTS

When an accident occurs it must be reported at once to the teacher in charge who will report it to the office and any other necessary authorities. Proper medical referrals will be made when necessary.

HOMEWORK CENTER

The library is open after school from 2:20 pm to 4:30 pm for supervised Homework Center. Students may quietly read, study, research and work on assignments. Student tutors may be available to assist.

HOMEWORK POLICY

WVSD Board Policy 2422: “The Board believes that homework is a constructive tool in the teaching/learning process when geared to the needs and abilities of students. Purposeful assignments not only enhance student achievement but also develop self-discipline and associated good working habits. As an extension of the classroom, homework must be planned and organized; must be viewed as purposeful to the students; and must be evaluated and returned to students in a timely manner.

Homework may be assigned for one or more of the following purposes:

- 1) Practice --- to help students to master specific skills which have been presented in class;
- 2) Preparation --- to help students gain the maximum benefits from future lessons;
- 3) Extension --- to provide students with opportunities to transfer specific skills or concepts to new situations; and
- 4) Creativity --- to require students to integrate many skills and concepts in order to produce original responses. The purposes of homework assignments, the basis for evaluating the work performed and the guidelines and/or rules should be made clear to the student at the time of the assignment.”

Completion of homework is essential for student progress and success in many classes. Students are expected to complete and turn in all assignments when due. Homework may count as a significant portion of the course grade. The homework load may vary widely because of individual differences of students as well as the demands of various courses. West Valley High School students should expect up to 5 hours of homework per week for each core/academic class in which they are enrolled. Due to the college-level nature of Honors, AP and CHS courses, students who select such classes should expect to spend more time reading, researching and writing than their peers who select less rigorous courses. Students who read more slowly, take frequent study breaks, have distractions or multi-task during study time may require more time to complete assignments.

HONOR SOCIETY

To be eligible for West Valley’s chapter of National Honor Society, a student must have junior or senior standing (unless a transfer student, then he/she must have been here for one semester). He/she must have a cumulative grade point average of at least 3.6. Students with the required grade point average may participate in the following selection process:

- 1) All eligible students are given an application form by the Honor Society advisor. Since Honor Society is also a service organization, the form is designed to learn about a student’s activities. It questions prospective members as to their school activities, leadership positions, community service, awards and honors.
- 2) All students who turn in a completed application form are evaluated by the entire teaching staff for class attendance, attitude and behavior.
- 3) All applications are then reviewed by the Honor Society Selection Council, a committee of faculty members and the Honor Society advisor. This committee looks for students who are well-rounded and excel in all of the areas listed in #1.
- 4) Any applicant denied selection may appeal to the Principal.

The entire selection process takes about three weeks and tapping follows. Once selected and tapped, a student is a member of National Honor Society as long as his/her grade point stays at or above a 3.6 and he/she isn’t suspended/expelled for violating the rules of West Valley High School. Honor Society members meeting stipulated criteria receive the honor of wearing gold cords with their graduation robes as well as scholarship opportunities.

IDENTIFICATION BADGES

Students must have in their possession and be able to produce their current ID badge:

- 1) When requested by staff

2) When conducting any monetary transactions in the office

3) When checking in with attendance

Presentation of ID badge is helpful for checking out textbooks and library materials. A replacement badge may be purchased at a cost of \$5.00 per badge. Students may use the Skyward app or a photo of their ID Badge to show proof of ID. Note the Skyward app does not show whether a student has an ASB card or not.

IMMUNIZATIONS

State law requires that all students meet state immunization requirements before entering a Washington State Public School. The school must have a written record of the dates of the immunizations before the student may attend (WVSD Board Policy 3410 and 3413). Please contact the school office for details.

INSURANCE

Schools ***DO NOT*** provide insurance to cover students in the event of injury at school or while participating in school sponsored athletics or activities. If a student is not covered by another health insurance program, the parent/guardian may want to consider the student insurance program selected by the district to provide affordable coverage options.

Enrollment, payment and correspondence for this optional coverage must be sent directly to the provider and NOT to the school. Contact the District Office at 972-6000 for more information about the student insurance program.

However, if a book is returned late and in good condition, all fines will be deleted. Students are charged the cost of repair or replacement for damaged library books. The library uses fine money to purchase replacement books.

CHROMEBOOKS

Updated August 2023

If you are having a problem with your Chromebook, please bring it to the library.

LOCKERS

A student may use a locker for storage of books and personal belongings. Lockers may be checked out in the main office by request and based on availability. The student is responsible to use his/her assigned locker only and to keep it locked. The school does not assume responsibility for lost or stolen items. Since the lockers are a permanent part of the building, students are expected to keep them in good condition. Lockers may be decorated on the inside with removable materials.

No person shall possess, place, keep or maintain any article or material that is prohibited by law or District policy in items, lockers, vehicles, desks or bags assigned to them or under their control while on District property or at a District sponsored event.

Lockers, desks, and storage areas are the property of the school District. No right nor expectation of privacy exists for any student as to the use of any space issued or assigned to a student by the school and such lockers and other spaces are subject to search in accordance with District policy. (WVSD Board Policy 3230)

LOST AND FOUND

Clothing and other items found unattended are to be taken to the main office. Students should refrain from bringing unnecessary personal items to school. The school is not responsible for loss or damage to students' personal items. **Check the lost and found table** periodically for missing items. Uncollected Lost & Found Items are donated once a month.

MEDICATION AT SCHOOL

For a student to take prescribed or over-the-counter medication during the school day, a medication authorization form including complete instructions for administering the medication must be signed by both the parent and a physician. A parent or guardian, not the student, is to bring the medication to the office in the original container. (WVSD Board Policy 3416)

PARENT CONFERENCES

Parents/guardians are encouraged to contact school personnel about their son/daughter. Teachers can be contacted before or after school by telephone or can be contacted by email. Staff email addresses can be found at hs.wvsd208.org/contact.

Students may NOT drive during the school day without the consent of the parent and principal. Students may NOT transport another student during class time unless consent of parents and principal has been granted through completion of a school-approved form.

A student may use the school parking lot subject to the following conditions:

- 1) All student drivers must register their vehicle and purchase a parking permit. The student must possess a valid Washington driver's license and show evidence that there is liability and property damage insurance coverage on the vehicle and acknowledge that he/she will assume full responsibility for any comprehensive or collision claims that may occur while on school property.
- 2) Students may not occupy a vehicle (without permission) during the school day.

- 3) Student conduct rules governing possession of alcoholic beverages, illegal chemical substances or opiates, firearms or a dangerous weapon extend to a student's vehicle.

Participation and/or attendance at school activities events may be restricted or suspended due to student misconduct for the duration of the suspension. Students or parents may appeal suspensions to a building principal or designee. The appeal process may be initiated in writing or via phone.

Students participants in athletics or extra-curricular activities that may be associated with a class such as band, ASB offices, etc., are also accountable to the regulations outlined in the West Valley Athletic/Activity Handbook posted on the high school website.

PASSING TIME AND LUNCH TIME

Students may not block the flow of traffic during passing times and lunch times, nor congregate in such a large group that it is difficult for students to walk in the hallways. Students may not claim a “territory” of the school, as a public school is equally available to everyone. Students who violate this will be disciplined according to harassment/intimidation/bullying.

During their lunch period, students are to stay out of the hallways of the classroom wings, with the exception of using Stairwell 7 by the main office to access the library. If there is a change in schedule, the student is responsible to know which period/lunch coincides with. If a student attends incorrect lunch time, progressive discipline will be followed.

PESTICIDE NOTIFICATION, POSTING AND RECORDS

The District shall comply with all legal requirements for record keeping regarding the application of pesticides to school grounds or school facilities. This includes creation of an annual summary report of pesticide usage and compliance with State Department of Agriculture rules regarding record keeping. Such records will be available on request by interested persons under the state Public Records Act and other laws. (WVSD Board Procedure 6895)

Procedure 6895 shall be printed and distributed upon request to employees, students and parents.

At least 48 hours before the application of a pesticide to school facilities or school grounds, the District shall notify parents and staff of the planned application in writing, including the heading, “Notice: Pesticide Application.”

This notice shall be posted in a prominent place in the building office in addition to being provided to parents and staff. This pre-notification is not required if the school grounds or facilities will not be occupied by students for two days following the application of the pesticide. If the application is not made within 48 hours of the notification, another notification shall be made prior to the application. This pre-notification is not required in the case of any emergency application of pesticides to a school facility, such as an application to control stinging pests, but full notification shall be made as soon as possible after the application.

Following the application of a pesticide to school facilities (structures and vehicles) a sign shall be posted at the location of the application. The notice shall be at least 8.5 x 11 inches in size, shall include the heading, “Notice: Pesticide Application,” and shall state the product name; date, time and specific location of the application; the pest for which the application was made; and a contact name and telephone number. The notice shall remain posted for 24 hours, or longer if required by the label of the pesticide.

Following the application of a pesticide to school grounds, notice shall be posted at the location of the application and at each primary point of entry to the grounds. The notice shall be at least 4 x 5 inches in size and state that the landscape recently has been treated with a pesticide and provide a contact name and telephone number. The notice shall remain posted for 24 hours, or longer if required by the label of the pesticide.

These notices are not required for the application of anti-microbial pesticides (substances used to sanitize or disinfect for microbial pests: viruses, bacteria, algae and protozoa). These notices are not required for the placement of insect or rodent bait that are not accessible to children.

Ground cover and broad leaf products will be applied to playgrounds, grass areas, and athletic fields in the District. Insect sprays/chemicals will be used as necessary. For application records contact the District's Maintenance & Operations Department.

Individual student records containing academic and testing information are forwarded to each school the student attends as he or she advances through the grade levels. The records are available to school personnel on a need-to-know basis. The records are also available for inspection by students and/or parents/guardians by appointment during regular school hours. Address and contact information must be kept current by contacting the Counseling Center.

ACT or SAT standardized tests are required for entrance to four-year colleges and for some scholarships. Test prep information can be found through the SAT website at www.collegeboard.com, or the ACT website at www.act.org.

The Compass Test is required for community college or Running Start admission. Check out the YVCC website at www.yvcc.edu and take the links under High School Seniors for more information about Placement Testing and Running Start.

SEXUAL HARASSMENT POLICY

Sexual harassment is a serious offense, and it is subject to a range of disciplinary actions, including warning, suspension and expulsion.

Sexual harassment is unwanted sexual attention, usually in the form of repeated verbal or physical sexual advances, sexually implicit or derogatory statements, or discriminatory remarks made by someone in your school, any one of which causes you discomfort or interferes with your academic performance or creates a hostile or offensive environment.

Any victim of sexual harassment should immediately report the offense to a teacher, counselor, or other staff member. Keep in mind that all inquiries are handled discreetly and held in confidence. Staff members will work with you to stop the offensive behavior.

DEFINITIONS

Sexual Harassment of Students Prohibited This West Valley School District is committed to a positive and productive education free from discrimination, including sexual harassment. This commitment extends to all students involved in academic, educational, extracurricular, athletic, and other programs or activities of the school, whether that program or activity is in a school facility, on school transportation or at a class or school training held elsewhere.

Definitions For purposes of this policy, sexual harassment means unwelcome conduct or communication of a sexual nature. Sexual harassment can occur adult to student, student to student or can be carried out by a group of students or adults and will be investigated by the District even if the alleged harasser is not a part of the school staff or student body. The district prohibits sexual harassment of students by other students, employees or third parties involved in school district activities. Under federal and state law, the term "sexual harassment" includes:

- acts of sexual violence;
- unwelcome sexual or gender-directed conduct or communication that interferes with an individual's educational performance or creates an intimidating, hostile, or offensive environment;
- unwelcome sexual advances;
- unwelcome requests for sexual favors;
- sexual demands when submission is a stated or implied condition of obtaining an educational benefit;
- sexual demands where submission or rejection is a factor in an academic, or other school-related decision affecting an individual. A "hostile environment" has been created for a student when sexual harassment is sufficiently serious to interfere with or limit the student's ability to participate in or benefit from the school's

program. The more severe the conduct, the less need there is to demonstrate a repetitive series of incidents. In fact, a single or isolated incident of sexual harassment may create a hostile environment if the incident is sufficiently severe, violent, or egregious. Investigation and Response If the district knows, or reasonably should know, that sexual harassment has created a hostile environment, it will promptly investigate to determine what occurred and took appropriate steps to resolve the situation. If an investigation reveals that sexual harassment has created a hostile environment, the district will take prompt and effective steps reasonably calculated to end the sexual harassment, eliminate the hostile environment, prevent its recurrence and as appropriate, remedy its effects. The district will take prompt, equitable and remedial action within its authority on reports, complaints and grievances alleging sexual harassment that come to the attention of the district, either formally or informally. The district will take these steps 2 every time a complaint, alleging sexual harassment comes to the attention of the district, either formally or informally. Allegations of criminal misconduct will be reported to law enforcement and suspected child abuse will be reported to law enforcement or Child Protective Services. Regardless of whether the misconduct is reported to law enforcement, school staff will promptly investigate to determine what occurred and take appropriate steps to resolve the situation, to the extent that such investigation does not interfere with an ongoing criminal investigation. A criminal investigation does not relieve the district of its independent obligation to investigate and resolve sexual harassment. Engaging in sexual harassment will result in appropriate discipline or other appropriate sanctions against offending students, staff or other third parties involved in school district activities. Anyone else who engages in sexual harassment on school property or at school activities will have their access to school property and activities restricted, as appropriate.

STAFF RESPONSIBILITY

Staff Responsibilities In the event of an alleged sexual assault, the school principal will immediately inform: 1) the Title IX/Civil Rights Compliance Coordinator so that the district can appropriately respond to the incident consistent with its own grievance procedures; and 2) law enforcement.

- The principal will notify the targeted student(s) and their parents/guardians of their right to file a criminal complaint and a sexual harassment complaint simultaneously. Confidentiality
- If a complainant requests that his or her name not be revealed to the alleged perpetrator or asks that the district not investigate or seek action against the alleged perpetrator, the request will be forwarded to the Director of Human Resources for evaluation.
- The Director of Human Resources should inform the complainant that honoring the request may limit its ability to respond fully to the incident, including pursuing disciplinary action against the alleged perpetrator.
- If the complainant still requests that his or her name not be disclosed to the alleged perpetrator or that the district not investigate or seek action against the alleged perpetrator, the district will need to determine whether or not it can honor such a request while still providing a safe and nondiscriminatory environment for all students, staff and other third parties engaging in district activities, including the person who reported the sexual harassment. Although a complainant's request to have his or her name withheld may limit the district's ability to respond fully to an individual allegation of sexual harassment, the district will use other appropriate means available to address the sexual harassment.

NON-DISCRIMINATION POLICY

“Anyone with an allegation of discrimination may request an informal meeting with the compliance officer or designated employee to resolve their concerns. Such a meeting will be at the option of the complainant. If unable to resolve the issue at this meeting, the complainant may submit a written complaint to the compliance officer.” (WVSD Board Policy 3210)

The District will provide equal educational opportunity and treatment for all students in all aspects of the academic and activities program without discrimination based on race, religion, creed, color, national origin, age, honorably- discharged veteran or military status, sex, sexual orientation, gender expression or identity, marital status, the presence of any sensory, mental or physical disability, or the use of a trained dog guide or service animal by a person with a disability.

The District will provide equal access to school facilities to the Boy Scouts of America and all other designated youth groups listed in Title 36 of the United States Code as a patriotic society. District programs shall be free from sexual harassment. Auxiliary aids and services will be provided upon request to individuals with disabilities.

Conduct against any student that is based on one of the categories listed above that is sufficiently severe, persistent or pervasive as to limit or deny the student's ability to participate in or benefit from the district's course offerings, educational programming or any activity will not be tolerated. When a district employee knows, or reasonably should know, that such discriminatory harassment is occurring or has occurred, the district will take prompt and effective steps reasonably calculated to end the harassment, prevent its recurrence and remedy its effects.

The District's nondiscrimination statement will be included in all written announcements, notices, recruitment materials, employment applications, and other publications made available to all students, parents, or employees. The statement will include: 1) notice that the district will not discriminate in any programs or activities on the basis of any of the above-listed categories; 2) the name and contact information of the district's compliance officer designated to ensure compliance with this policy; and 3) the names and contact information of the district's Section 504 and Title IX compliance officers.

The District will annually publish notices reasonably calculated to inform students, students' parents/guardians (in a language that they can understand, which may require language assistance), and employees of the district's discrimination complaint procedure.

The Superintendent will designate a staff member to serve as the compliance officer for this policy. The compliance officer will be responsible for investigating any discrimination complaints communicated to the district.

The District will offer or provide training to administrators and certificated and classroom personnel on their responsibility to raise awareness of and to eliminate bias based on the categories identified in this policy.

The District will also conduct annual athletic evaluations and a student athletic interest survey at least once every three years to ensure that equal athletic opportunities are provided for male and female students.

The West Valley School District does not discriminate in any programs or activities on the basis of sex, race, creed, religion, color, national origin, age, veteran or military status, sexual orientation, gender expression or identity, disability, or the use of a trained dog guide or service animal and provides equal access to the Boy Scouts and other designated youth groups. The following employee has been designated to handle questions and complaints of alleged discrimination: Randy Souers, (509) 972-6016, West Valley School District, 8902 Zier Road, Yakima, WA 98908

COMPLAINT PROCEDURE

Anyone may file a complaint against the District alleging that the District has violated anti-discrimination laws. This complaint procedure is designed to assure that the resolution of real or alleged violations are directed toward a just solution that is satisfactory to the complainant, the administration and the board of directors. This grievance procedure will apply to the general conditions of the nondiscrimination policy (WVSD Board Policy 3210) and more particularly to policies dealing with guidance and counseling (Policy 2140), co-curricular program (WVSD Board Policy 2150), service animals in schools (Policy 2030) and curriculum development and instructional materials (WVSD Board Policy 2020). As used in this procedure:

- 1) **Grievance** means a complaint which has been filed by a complainant relating to alleged violations of any state or federal anti-discrimination laws.
- 2) **Complaint** means a written, signed charge alleging specific acts, conditions or circumstances, which are in violation of the anti-discrimination laws. The time period for filing a complaint is one year from the date of the occurrence

that is the subject matter of the complaint. However, a complaint filing deadline may not be imposed if the complainant was prevented from filing due to: 1) Specific misrepresentations by the District that it had resolved the problem forming the basis of the complaint; or 2) Withholding of information that the District was required to provide under WAC 392-190-065 or WAC 392-190-005. Complaints may be submitted by mail, fax, e-mail or hand-delivery to any district, school or to the district compliance officer responsible for investigating discrimination complaints. Any district employee who receives a complaint that meets these criteria will promptly notify the compliance officer.

- 3) **Respondent** means the person alleged to be responsible or who may be responsible for the violation alleged in the complaint.

The primary purpose of this procedure is to secure an equitable solution to a justifiable complaint. To this end, specific steps will be taken. The District is prohibited by law from intimidating, threatening, coercing or discriminating against any individual for the purpose of interfering with their right to file a grievance under this policy and procedure and from retaliating against an individual for filing such a grievance.

INFORMAL PROCESS FOR RESOLUTION

Anyone with an allegation of discrimination may request an informal meeting with the compliance officer or designated employee to resolve their concerns. Such a meeting will be at the option of the complainant. If unable to resolve the issue at this meeting, the complainant may submit a written complaint to the compliance officer. During the course of the informal process, the District must notify the complainant of their right to file a formal complaint.

FORMAL PROCESS FOR RESOLUTION

Level One – Complaint to District

At any time, anyone may file a complaint with the school district alleging unlawful discrimination. A written complaint must be signed by the complainant and set forth the specific acts, conditions or circumstances alleged to be in violation.

Upon receipt of a complaint, the compliance officer will investigate the allegations set forth within 30 calendar days. The school district and complainant may agree to resolve the complaint in lieu of an investigation. The officer will provide the superintendent with a full written report of the complaint and the results of the investigation. The superintendent will respond in writing to the complainant as expeditiously as possible, but in no event later than 30 calendar days following receipt of the written complaint. The response of the superintendent will include notice of the complainant's right to appeal to the school board, and will identify where and to whom the appeal must be filed. The superintendent's written response will state that the district either:

- 1) Denies the allegations contained in the written complaint received by the district; or
- 2) Will implement reasonable corrective measures to eliminate any such act, condition, or circumstance within the school district. Such corrective measures deemed necessary will be instituted as expeditiously as possible, but in no event later than 30 calendar days following the superintendent's mailing of a written response to the complaining party unless otherwise agreed to by the complainant.

The complaint must set forth the specific acts, conditions or circumstances alleged to be in violation. Upon receipt of a complaint, the compliance officer will provide the complainant a copy of this procedure. The compliance officer will investigate the allegations within 30 calendar days. The school district and complainant may agree to resolve the complaint in lieu of an investigation. The officer shall provide the superintendent with a full written report of the complaint and the results of the investigation.

The Superintendent or designee will respond to the complainant with a written decision as expeditiously as possible, but in no event later than 30 calendar days following receipt of the written complaint, unless otherwise agreed to by the complainant or if exceptional circumstances related to the complaint require an extension of the time limit. In the event an extension is needed, the District will notify the complainant in writing of the reason for the extension and the anticipated

response date at the time the District responds to the complainant, the District must send a copy of the response to the office of the superintendent of public instruction.

The decision of the Superintendent or designee will include: 1) a summary of the results of the investigation; 2) whether the District has failed to comply with anti-discrimination laws; 3) if non-compliance is found, corrective measures the District deems necessary to correct it; and 4) notice of the complainant's right to appeal to the school board and the necessary filing information. The superintendent or designee's response will be provided in a language the complainant can understand and may require language assistance for complainants with limited English proficiency in accordance with Title VI of the Civil Rights Act of 1964.

Any corrective measures deemed necessary shall be instituted as expeditiously as possible, but in no event later than 30 calendar days following the superintendent's mailing of a written response to the complaining party unless otherwise agreed to by the complainant.

Level Two – Appeal to the Board of Directors

If a complainant disagrees with the superintendent or designee's written decision, the complainant may appeal the decision to the District Board of Directors by filing a written notice of appeal with the Secretary of the Board within ten (10) calendar days following the date upon which the complainant received the response.

The Board shall schedule a hearing to commence by the twentieth (20th) calendar day following the filing of the written notice of appeal, unless otherwise agreed to by the complainant and the superintendent or for good cause. Both parties shall be allowed to present such witnesses and testimony as the board deems relevant and material. Unless otherwise agreed to by the complainant, the board will render a written decision within thirty (30) calendar days following the filing of the notice of appeal and provide the complainant with a copy of the decision. The decision of the board will be provided in a language the complainant can understand, which may require language assistance for complainants with limited English proficiency in accordance with Title VI of the Civil Rights Act. The decision will include notice of the complainant's right to appeal to the Superintendent of Public

Instruction and will identify where and to whom the appeal must be filed. The District will send a copy of the appeal decision to the office of the superintendent of public instruction.

Level Three – Complaint to the Superintendent of Public Instruction

If a complainant disagrees with the decision of the Board of Directors, or if the District fails to comply with this procedure, the complainant may file a complaint with the superintendent of public instruction.

1) A complaint must be received by the Superintendent of Public Instruction on or before the twentieth (20) calendar day following the date upon which the complainant received written notice of the board of directors' decision, unless the Superintendent of Public Instruction grants an extension for good cause. Complaints may be submitted by mail, fax, electronic mail, or hand delivery.

2) A complaint must be in writing and include: 1) A description of the specific acts, conditions or circumstances alleged to violate applicable anti-discrimination laws; 2) The name and contact information, including address, of the complainant; 3) The name and address of the district subject to the complaint; 4) A copy of the district's complaint and appeal decision, if any; and 5) A proposed resolution of the complaint or relief requested. If the allegations regard a specific student, the complaint must also include the name and address of the student, or in the case of a homeless child or youth, contact information.

3) Upon receipt of a complaint, the Office of the Superintendent of Public Instruction may initiate an investigation, which may include conducting an independent on-site review. OSPI may also investigate additional issues related to the complaint that were not included in the initial complaint or appeal to the superintendent or board. Following the investigation, OSPI will make an independent determination as to whether the district has failed to comply with RCW 28A.642.010 or Chapter 392-190, WAC and will issue a written decision to the complainant and the district that addresses each allegation in the complaint and any other noncompliance issues it has identified. The written decision will include corrective actions deemed

necessary to correct noncompliance and documentation the district must provide to demonstrate that corrective action has been completed.

All corrective actions must be completed within the timelines established by OSPI in the written decision unless OSPI grants an extension. If timely compliance is not achieved, OSPI may take action including but not limited to referring the district to appropriate state or federal agencies empowered to order compliance.

A complaint may be resolved at any time when, before the completion of the investigation, the district voluntarily agrees to resolve the complaint. OSPI may provide technical assistance and dispute resolution methods to resolve a complaint.

Level Four – Administrative Hearing

A complainant or school district that desires to appeal the written decision of the Office of the Superintendent of Public Instruction may file a written notice of appeal with OSPI within thirty (30) calendar days following the date of receipt of that office's written decision. OSPI will conduct a formal administrative hearing in conformance with the Administrative Procedures Act, Chapter 34.05, RCW.

MEDIATION

At any time during the discrimination complaint procedure set forth in WAC 392-190-065 through 392-190-075, a district may, at its own expense, offer mediation. The complainant and the district may agree to extend the discrimination complaint process deadlines in order to pursue mediation.

The purpose of mediation is to provide both the complainant and the district an opportunity to resolve disputes and reach a mutually acceptable agreement through the use of an impartial mediator. Mediation must be voluntary and requires the mutual agreement of both parties. It may be terminated by either party at any time during the mediation process. It may not be sued to deny or delay a complainant's right to utilize the complaint procedures.

Mediation must be conducted by a qualified and impartial mediator who may not: 1) Be an employee of any school district, public charter school, or other public or private agency that is providing education related services to a student who is the subject of the complaint being mediated; or 2) Have a personal or professional conflict of interest. A mediator is not considered an employee of the district or charter school or other public or private agency solely because he or she serves as a mediator.

If the parties reach agreement through mediation, they may execute a legally binding agreement that sets forth the resolution and states that all discussions that occurred during the course of mediation will remain confidential and may not be used as evidence in any subsequent complaint, due process hearing or civil proceeding. The agreement must be signed by the complainant and a district representative who has authority to bind the district.

PRESERVATION OF RECORDS

The files containing copies of all correspondence relative to each complaint communicated to the District and the disposition, including any corrective measures instituted by the District, will be retained in the office of the compliance officer for a period of six years.
